

# Full Line Product Catalog

PDI offers a broad range of evidence-based, market-leading *Interventional Care, Environment of Care, and Patient Care* solutions, all designed to help reduce preventable infections, control healthcare costs, and, ultimately, help save lives. It is all part of our passion to Be The Difference<sup>®</sup>, every day.

The environment is a primary, and often unexpected, source of infections. Maintain a clean and sanitary environment with our Environment of Care solutions, which includes Sani-Cloth® disinfectants, the number one brand of disinfecting wipes in healthcare.<sup>1</sup>

## Sani-Cloth® Prime Germicidal Disposable Wipe\*

Powered by a next generation formulation effective against HAI causing pathogens in just 1 minute.

## Sani-HyPerCide® Germicidal Disposable Wipe\*

A powerful, ready to use hydrogen peroxide formula designed to address HAI causing microorganisms, including *Clostridioides difficile* without compromising compatibility.

## Super Sani-Cloth® Germicidal Disposable Wipe\*

Ideal for daily use in fast-paced environments that require a short contact time and broad coverage of microorganisms.

## Sani-Cloth® AF3 Germicidal Disposable Wipe\*

Alcohol free. Fragrance free. Worry free. Ideal for use around patients and staff, especially those with respiratory sensitivities.

## Sani-Cloth® Plus Germicidal Disposable Cloth\*

A low-level disinfecting wipe for general surface disinfection.

## Sani-Cloth® Bleach Germicidal Disposable Wipe\*

Ideal for disinfecting areas contaminated with *Clostridioides difficile* spores and Norovirus.

\*These products are on EPA's List N<sup>2</sup>: Disinfectants for use against SARS-CoV-2.

<sup>1</sup>Market leadership claims based on Q3 2022 Clarivate Data.

<sup>2</sup>Kills SARS-CoV-2 (Coronavirus), the virus that causes COVID-19, on hard, nonporous surfaces.

<sup>3</sup><https://www.epa.gov/pesticide-registration/list-n-disinfectants-coronavirus-covid-19>

<sup>4</sup>Sani-Cloth® Plus Germicidal Disposable Cloth compares to competitor quat/low-alcohol disinfectant products.

## Easy Screen® Cleaning Wipe

A compatible touchscreen cleaner that works at the speed of technology.<sup>3</sup>

- + Features the power of 70% isopropyl alcohol (IPA)
- + Fast-drying, no residue, anti-fogging, and anti-streaking
- + Rapidly cleans dirt, grime, fingerprints, and smudges<sup>4</sup>
- + Meets AORN's "Guideline for Surgical Attire" to clean cell phones, tablets, and other personal communication or hand-held electronic equipment<sup>5</sup>

## Environmental Services Disinfection

PDI has developed a variety of products designed to support Environmental Services Professionals in their vital role to stop the spread of preventable infections.

- + Full portfolio of ready-to-use products available in a variety of formulations for use in daily & terminal disinfection
- + Available in pail, refill, and canister packaging configurations
- + Easy to use products that require no measuring, mixing, dilution, or secondary cleaning steps
- + Cost efficient alternative to microfiber rental programs
- + Color-coded for ease of implementation, replacement, and compliance
- + Compliant with CDC Guidance Disinfection and Sterilization in Healthcare Facilities<sup>6</sup>
- + Compliant with AHE practice Guidance for Environmental Cleaning<sup>6</sup>
- + Bilingual training materials and signage available for convenience and efficiency in Environmental Services

## UVC Disinfection

**Tru-D®** SmartUVC  
A PDI SOLUTION

The **Tru-D®** robot is a portable UV disinfection system that delivers an automated, measured dose of UVC to consistently disinfect a room in a single cycle, resulting in the ability to document disinfection results after each and every **Tru-D** room treatment.

- + Technology is validated by more than 10 independent, third-party studies<sup>7</sup>
- + Ensures significant organism reduction in direct and shadowed areas
- + Measured, reflected dose ensures thorough room disinfection
- + Requires only one placement and one cycle in a room
- + Optimizes workflow and reduces the threat of human error in the disinfection process
- + The **Tru-D** support team provides comprehensive implementation and training for all hospital staff

*For more information go to [tru-d.com](http://tru-d.com) or call 800.774.5799*

<sup>3</sup> Consult your manufacturer's instructions for use

<sup>4</sup> Cleaning the screen of your mobile device with a wipe containing alcohol may reduce the life span of any anti-fingerprint coating. Please check your device manufacturer's cleaning instructions.

Different infection risks require different solutions. Our Interventional Care solutions help you protect even the most vulnerable patients.

### Prevantics® Skin Antiseptics

3.15% (w/v) Chlorhexidine Gluconate (CHG) and 70% (v/v) Isopropyl alcohol (IPA) topical skin antiseptic.

- + Swab is approved for preinjection skin preparation<sup>8</sup>
- + Swabstick and Maxi Swabstick are approved for preoperative and preinjection skin preparation<sup>9</sup>
- + Swabstick and Maxi Swabstick are clinically proven to have continuous antimicrobial activity for up to 7 days<sup>10</sup>
- + Premoistened, ready-to-use applicators contain no glass

Swabstick & Maxi Swabstick Only

Swab Only

### Prevantics® Device Swab

3.15% (w/v) CHG/70% (v/v) IPA solution for the disinfection of needleless access sites prior to use and tops of blood culture collection bottles.

- + The only 3.15% CHG/IPA solution to receive 510k clearance from the FDA for disinfecting needleless access sites
- + Strip format hangs conveniently on an IV pole for point-of-care accessibility
- + Prep pad design allows for friction scrub and cleaning of threads rather than just the septum of the needleless connector

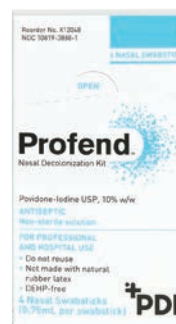

<sup>11</sup>

### Profend® Nasal Decolonization Kit

Easy-to-use, pre-saturated 10% (w/w) Povidone-Iodine swabstick – just snap and swab!

- + Assured treatment compliance as product is applied by clinician 1 hour prior to surgery
- + Kills 99.7% of *Staphylococcus aureus* at 10 minutes and 1 hour and 99.9% at 12 hours<sup>11</sup>
- + Ideal for *S. aureus*- and Methicillin-resistant *S. aureus*-colonized patients in the surgical unit, ICU, and other areas of the hospital<sup>12</sup>
- + Neat, dry handle design minimizes mess
- + 4 swabsticks per patient/2 swabsticks per nostril for 15 seconds each

<sup>8</sup>Swabstick & Maxi Swabstick only.

<sup>9</sup>2014 Prevantics® Clinical Compendium.

<sup>10</sup>Dry sites only.

<sup>13</sup>Sievert D. Antimicrobial-resistant pathogens associated with healthcare associated infections: summary of data reported to the NHSN at the CDC, 2009-2010. Infect

Help your patients and residents remain clean and comfortable with our Patient Care solutions.

### **Sani-Hands® Instant Hand Sanitizing Wipes**

Designed for everyone – including staff, patients, residents, and visitors.

- + The #1 hand wipe in healthcare<sup>13</sup>
- + Physically removes dirt/soil better than an alcohol gel or foam<sup>14</sup>
- + Safe to use before eating and drinking<sup>15</sup>

### **Hygea® Multi-Purpose Washcloths**

Suitable to use on all areas of the body, including face and neck.

- + Premoistened washcloth for full body personal cleansing
- + Gentle cleansing formula contains soothing aloe and vitamin E
- + Hypoallergenic, alcohol free, and not made with natural rubber latex

### **Hygea® Flushable Personal Cleansing Cloths**

Cleans and refreshes better than dry bathroom tissue alone.

- + Ideal for perineal cleansing and incontinence care
- + Safe for well-maintained sewers and septic systems<sup>16</sup>

<sup>13</sup> Market leadership claims based on Q4 2021 Clarivate Data

<sup>14</sup> PDI study ER 20/146 V.1 3/2/2021

<sup>15</sup> Food Code Recommendations of the United States Public Health Service Food and Drug Administration, 2017

<sup>16</sup> Flush only one wipe at a time. Not recommended for use in motor homes or with basement pump systems.

**Products kill bugs, but people prevent infections.**™ Our point-of-care accessories help put PDI products in the right place at the right time to help healthcare professionals do their job more efficiently and effectively.

All of PDI's point-of-care accessories are designed to support compliance with facility protocols.

## Sani-Bracket®

Easily attach **Sani-Cloth**, **Sani-Hands**, and **Easy Screen** canisters to walls or equipment for convenient access. The **Sani-Bracket** is available in Medium, Large/Extra Large, and Large/Extra Large Double Canister.

## Sani-Canister Caddy®

The countertop holder for canisters is perfect for nursing stations and carts. It helps display important product and compliance information, such as contact time and precautionary language.

## Sani-TAG® Equipment ID System

**Sani-TAG** Equipment ID System adheres to surfaces and equipment to help staff identify the specific surface disinfectant that should be used on the particular item.

- + The "Clean Tags" help staff easily identify when equipment has been disinfected and meets regulatory and accreditation standards for identifying clean vs. dirty equipment
- + All **Sani-TAG** labels remove easily and leave no sticky residue

## Floor Stands

Several options are available to place in high traffic areas for quick, easy access to hand hygiene and cleaning, and wipes. For example, the PDI Respiratory Hygiene/Cough Etiquette Station to the right has:

- + Bins to provide tissues and masks
- + Two brackets to hold **Sani-Hands** wipes for hand hygiene and **Easy Screen** cleaning wipes so visitors/staff can clean touch screens (i.e., phones, tablets and other digital medical equipment)\*

\* Consult your manufacturer's instructions for use. Cleaning the screen of your mobile device with a wipe containing alcohol may reduce the life span of any anti-fingerprint coating. Please check your device manufacturer's cleaning instructions.
